

Credit Recovery and PASS

The Florida PASS Program understands that migrant students may need an opportunity to recover lost credits. The program offers free year-round classes in all the major core areas. PASS is a national program so courses can continue as the student transfers from state to state.

Students who may be over age for their grade, have fewer credits than their peers, or have low math or reading skills can benefit greatly from the Florida PASS Program. Our goal is to see migrant students graduate and receive their high school diploma.

Florida PASS Course Offerings

2017-2018

Why Florida PASS?

- All course materials are free. Students are provided with workbooks and all necessary supplies.
- Students can work at their own pace as long as they are enrolled in high school.
- Online video tutorials are now available for some courses.
- Students do not need access to a computer or the internet to complete a course.
- Students can work on PASS courses during the year or during the summer. They are ideal for credit recovery.
- Florida PASS courses are aligned with state and common core standards.
- Students who migrate from one state to another can continue PASS courses at their destination.
- Enhanced online textbooks are now available for some courses.
